

Table 10.1A - Federal Homeland Security Funding Programs

Agency	Program	Amount (FY 2002)	Purpose	Funding Beneficiaries
Department of Justice	State Domestic Preparedness Equipment Support	\$148.3 million (estimated)	Funding will be provided to plan for and execute a comprehensive threat and needs assessment, to develop a 3-year plan to enhance first responder capabilities, and to provide for equipment purchases and the provision of specialized training.	State and local governments
	State and Local Domestic Preparedness Training Program	\$14.5 million (estimated)	To provide training to State and local jurisdictions to respond to Weapons of Mass Destruction (WMD) domestic terrorist incidents involving nuclear, biological, chemical, and explosive devices.	State and local governments
	State and Local Domestic Preparedness Technical Assistance	\$6 million (estimated)	To provide direct assistance to State and local jurisdictions in enhancing their capacity and preparedness to respond to Weapons of Mass Destruction (WMD) domestic terrorist incidents involving nuclear, biological, chemical, and explosive devices. The program goals are to enhance the ability of State and local jurisdictions to develop, plan and implement a program for WMD preparedness and to sustain and maintain specialized equipment.	States and local governments
	State and Local Domestic Preparedness Exercise Support Program	\$0	To provide exercise planning to State and local jurisdictions and to conduct national, State, and local exercises for response to Weapons of Mass Destruction (WMD) domestic terrorist incidents involving nuclear, biological, chemical, and explosive devices.	States and local governments

Table 10.1A - Federal Homeland Security Funding Programs,
Continued

Agency	Program	Amount (FY 2002)	Purpose	Funding Beneficiaries
Department of Health and Human Services (Continued)	Surveillance of Hazardous Substance Emergency Events	\$1.32 million (estimated)	To assist State health departments in developing a State-based surveillance system for monitoring hazardous substance emergency events. This surveillance system will allow the State health department to better understand the public health impact of hazardous substance emergencies by developing, implementing, and evaluating a State-based surveillance system.	State, local, territorial, and tribal public health departments
	Human Health Studies, Applied Research and Development	\$0	To solicit scientific proposals designed to answer public health questions arising from situations commonly encountered at hazardous waste sites. The objective of this research program is to fill gaps in knowledge regarding human health effects of hazardous substances identified during the conduct of ATSDR's health assessments, consultations, toxicological profiles, and health studies, including but not limited to those health conditions prioritized by ATSDR.	State health departments
	State Capacity Building	\$7.9 million (estimated)	To fulfill the mandated objectives of CERCLA and the Superfund Amendments and Reauthorization Act of 1986, as amended, in coordination with ATSDR, by assisting public health agencies to build capacity to conduct (1) Health consultations, (2) public health assessments, (3) exposure investigations, (4) community involvement, (5) health education, and (6) public health studies.	State public health agencies
