

Guidance Document Part 2:**GUIDANCE FOR LOCAL HAZARD MITIGATION PLANS (LHMP)****(BY SECTIONS & SUBSECTIONS)**

In Part 2, the reader will find guidance for preparing a Local Hazard Mitigation in accordance with the Interim Final Rule, 44 CFR Parts 201 and 206. Section 201.6 outlines the content requirements of Local Hazard Mitigation Plans for California local governments. This Guide, Part 2, presents the Rule for each section and sub-section, as well as additional information intended to clarify the intent of the Rule criteria, and may contain suggestions, examples of plans and references to a series of resources that will assist the local planner in meeting the new DMA 2000 hazard mitigation planning requirements by November 1, 2004. (See Attachment D for a FEMA Crosswalk Reference Document for Review and Submission of LHMP to the State Hazard Mitigation Officer and the FEMA Region IX.)
