Hazard Mitigation Assistance

FEMA

Hazard Mitigation Assistance (HMA)

The Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA) HMA programs present a critical opportunity to reduce the risk to individuals and property from natural hazards while simultaneously reducing reliance on Federal disaster funds.

HMA programs enable mitigation measures to be implemented before, during, and after the recovery from a disaster.

Who is Eligible to Apply?

State, Territorial, Tribal, and local governments

Certain private nonprofit organizations

Individuals and businesses may not apply directly to the State or FEMA, but eligible local governments may apply to benefit the private entity

Hazard Mitigation Grant Program

The Hazard Mitigation Grant Program (HMGP) assists in implementing long-term hazard mitigation measures following major disaster declarations. Funding is available to implement projects in accordance with State, Tribal, and local priorities.

Pre-Disaster Mitigation

The Pre-Disaster Mitigation (PDM) program provides funds on an annual basis for hazard mitigation planning and the implementation of mitigation projects. Funding is made available for measures that can be taken to reduce or eliminate overall risk from natural hazards.

Flood Mitigation Assistance

The Flood Mitigation Assistance (FMA) program provides funds on an annual basis so that measures can be taken to reduce or eliminate risk of flood damage to buildings insured under the National Flood Insurance Program (NFIP).

Repetitive Flood Claims

The Repetitive Flood Claims (RFC) program provides funds on an annual basis to reduce the risk of flood damage to individual properties insured under the NFIP that have had one or more claim payments for flood damages. RFC provides up to 100% Federal funding for eligible projects in communities that qualify for the program.

Severe Repetitive Loss

The Severe Repetitive Loss (SRL) program provides funds on an annual basis to reduce the risk of flood damage to residential structures insured under the NFIP that are qualified as severe repetitive loss structures. SRL provides up to 90% Federal funding for eligible projects in communities that qualify for the program.

Where Can I Obtain More Information?

For more information on the specific criteria for each HMA program go to <http://www.fema.gov/government/grant/hma/index.shtm>, contact your State Hazard Mitigation Officer (SHMO), or contact the FEMA Regional Office for your State (listed on the back of this brochure).
